

CONVERGENCE

CELEBRATING 10 YEARS

Let's Celebrate
10 Years of
Collaborative
Action!

For 10 years, Convergence has convened leaders and doers with divergent views to build trust, identify solutions, and form alliances for action on critical national issues.

At a time when many are concerned about the fraying of our social fabric, Convergence is catalyzing partnerships that transcend differences and offer durable approaches to solving some of our toughest challenges.

Convergence groups have:

1. Helped shape governmental policy on **health care** and **the federal budget**;

2. Bridged deep divides on **K-12 education** and formed a national network to promote learner-centered education;

3. Developed new business practices to reduce obesity and diabetes by promoting the sales of **healthier foods**;

4. Created a practical plan to transform the financing of **long-term care for elderly and disabled Americans**; and

5. Supported several major U.S. employers to **expand investment in workers** and their **career pathways**.

On October 24, 2019, Convergence's 10th Anniversary Symposium & Celebration will bring together long-time stakeholders, current partners, and new supporters for a unique conversation on what we know and what we dream about in our work supporting breakthrough collaborations on the issues that matter most.

Will you stand up for a national culture of collaboration?

We are seeking sponsors at all levels to support Convergence's 10th Anniversary and to help us kick off the next 10 years!

Sponsors will be recognized at Convergence's 10th Anniversary Symposium & Celebration.
